

NATIONAL SUN YAT-SEN UNIVERSITY

Department of Chemistry Regulations of Five-Year Undergraduate and Master's Degrees

Issued by the 1st Department General Meeting on October 5, 1999, School Year 88.

Issued by the 3rd Department General Meeting on October 29, 2009, School Year 98.

Amended and approved by the 131st Academic Meeting on March 19, 2012, School Year 100.

Amended and approved by the 4th Department General Meeting on March 26, 2013, School Year 101.

Amended and approved by the 136th Academic Meeting on June 10, 2013, School Year 101.

Amended and approved by the 138th Academic Meeting on December 17, 2013, School Year 102.

- I. This set of regulations is specifically issued to encourage outstanding undergraduate students of the Department of Chemistry to continue to study master's degree courses in the department in order to achieve effects of continuous education and shorten study periods.
- II. Undergraduate students who have completed five semesters of study may be recommended by one faculty member of the department to apply to the department by deadlines specified in departmental calendars in the second semester of the third year. Relevant committees of the department will host public selections by recommendations and select eight students.
- III. The selected students hold qualifications of preparatory students of master's degrees (hereinafter referred to as "the preparatory students").
- IV. After obtaining qualifications of the preparatory students, the undergraduate students are required to complete and obtain undergraduate degrees within study periods (excluding periods of study extensions) and participate in entry by recommendations or entry by examinations of master's degree courses in the same year. Once entered, students are officially qualified as master's degree research students.
- V. Postgraduate courses studied during undergraduate study periods **may be used to apply for credit transferences** for master's degree students' compulsory credits. In cases of the postgraduate course credits have been accounted for undergraduate graduating credits, the same credits may not be used to apply for credit transferences for master's degree courses credits.
- VI. All students are required to meet regulations of undergraduate and master's degrees of the department.
- VII. The number of selected students is part of the places of master's degree course student recruitments of the same school year.
- VIII. This set of regulations shall be implemented following approvals of department general meetings and academic meetings, as well as the authorization of the president. The same procedure shall be carried out when amendments are to be made.
